

OMAMOFE OJEI

Accountant

Experienced Accountant with a strong background in financial analysis, budgeting, and financial reporting. Committed to maintaining accurate accounting records, ensuring compliance with regulations, and contributing to financial decision-making. Proven ability to work collaboratively with cross-functional teams to achieve business objectives.

Work Experience

Accounting Specialist

Lagos State Employment Trust Fund (LSETF)

January 2023 to June 2023 (contract 6 months)

- Managed and analyzed financial statements, ensuring accuracy and compliance with applicable standards and regulations.
- Prepared monthly, quarterly, and annual financial reports for management review.
- Collaborated with the finance team to optimize budgeting and financial forecasting processes.
- Assisted in internal and external audits, ensuring all documentation was prepared and organized.
- Implemented accounting best practices and procedures to improve efficiency.

Junior Accountant Intern

British Petroleum UK

September 2022 to January 2023 (5 months)

- Assisted in the preparation of financial statements and reports.
- Managed accounts payable and receivable, ensuring timely and accurate processing.
- Conducted regular reconciliations of bank and ledger accounts.
- Supported the senior accountant in tax preparation and filing.
- Used accounting software to maintain records and generate reports.

Financial Analyst

Chalhoub Group Dubai Uae

March 2018 to August 2021 (3 years, 5 months)

- Analyzed financial data to support business decision-making.
- Developed financial models for forecasting and budgeting.
- Collaborated with cross-functional teams to understand financial needs and provide insights.
- Monitored financial performance metrics and provided recommendations for improvement.
- Conducted variance analysis to understand differences between forecasted and actual financial performance.

EFEMA ELIAS MOSES OMAMOFE

Front-End Developer

Experienced Web Developer specialized in JavaScript, React, and front-end technologies. Committed to delivering seamless, visually appealing user experiences through responsive design and performance optimization. A collaborative team player, aligning technical expertise with creative problem-solving to meet client needs and achieve business objectives.

Work Experience

JavaScript/ Node Developer

Lagos State Employment Trust Fund (LSETF)

January 2023 to June 2023 (contract 6 months)

- **JavaScript Development:** Utilized modern JavaScript libraries and frameworks (such as React, Angular, or Vue) to design and develop highly interactive, dynamic, and user-friendly web applications. Ensured best practices in writing clean, efficient, and testable code.
- **Integration with Node.js:** Collaborated with back-end developers to create seamless integration between the front-end application and the Node.js server, using tools like Express to set up RESTful APIs and middleware.
- **Responsive Web Design:** Leveraged JavaScript and CSS frameworks to create responsive designs, optimizing the user experience across various devices and browsers, and ensuring cross-browser compatibility.
- **Performance Optimization:** Employed JavaScript and Node.js optimization techniques, including code splitting, lazy loading, and server-side rendering, to enhance page loading times and overall application performance.
- **Version Control and Collaboration:** Managed code versioning using Git and worked closely with other developers, designers, and stakeholders to ensure alignment between design vision and technical implementation, maintaining high-quality standards throughout the project lifecycle.

Front End Developer Intern

British Petroleum UK

September 2022 to January 2023 (5 months)

- **Develop User Interfaces:** Design, build, and maintain efficient and reusable front-end code, collaborating closely with UX/UI designers and back-end developers to create interactive and visually appealing web applications.
- **Responsive and Cross-Browser Design:** Implement responsive designs for optimal user experience across different device sizes, and ensure compatibility across various browsers and devices.
- **Performance Optimization and SEO Compliance:** Utilize optimization techniques to reduce page load times, enhance user experience, and adhere to SEO best practices to improve site visibility.
- **Code Quality and Collaboration:** Conduct regular code reviews, follow best coding practices, and use version control systems like Git for collaboration with team members, ensuring clean and maintainable code.
- **Continuous Learning and Client Interaction:** Keep up to date with the latest front-end technologies and trends, and communicate effectively with clients to understand requirements and provide technical support.

Web Developer

Chalhoub Group Dubai Uae

March 2018 to August 2021 (3 years, 5 months)

- **Full-Stack Development:** Design and implement web applications using front-end and back-end technologies like HTML, CSS, JavaScript, Node.js, PHP, or Python.
- **User Interface (UI) & User Experience (UX) Design:** Translate wireframes into interactive visuals; collaborate with designers on alignment and responsiveness across devices.
- **Integration and Collaboration:** Integrate various parts of the web application using APIs, databases, and tools; ensure alignment with team members and stakeholders.
- **Performance Optimization and Security:** Improve website speed and performance; implement security measures according to industry standards.
- **Testing, Maintenance, and Documentation:** Develop automated tests for functionality and stability; maintain and update web applications; create detailed documentation for collaboration.
